Subject: Re: Interagency Coordination: AllenCo Re-opening - DMH Handouts

Hi Sandra,

Big thank you to LA County Department of Mental Health for the thorough and professionally designed handouts for communities impacted with environmental issues as well, the tailoring to the current situation with AllenCo. This is a discussion item on tomorrow's Interagency Coordination Meeting where we can utilize the groups feedback and continue discussion on the Agency Open House approach.

Much appreciated and thank you for your work on this item.

Subject: RE: Interagency Coordination: AllenCo Re-opening - DMH Handouts

Dear Matt and All:

Attached please find the attached handouts from LA County Department of Mental Health to support of those impacted by the AllenCo Re-Opening:

1. Community Air Quality: Strategies on Coping with Stress and Concern (English and Spanish) - This flyer was customized for the AllenCo re-opening with the goal of supporting the emotional resiliency and coping of residents in the area. Please note that our 24/7 ACCESS Helpline for DMH is (800) 854-7771.
2. Traumatic Events: Strategies for Employees on Coping with Stress and Concern (English) – This is a general flyer on coping with disasters and traumatic events for STAFF responding to disasters and traumatic events. It is *not* customized to the AllenCo incident per se– but is a good general flyer for employees.
3. SAMHSA Tips for Survivors of a Disaster or Other Traumatic Event: Coping with Re-Traumatization – (English – unfortunately, no Spanish version is available). This flyer, created by our federal partners at SAMHSA, has information on coping with trauma reminders (such as the preparations, visible testing, and re-opening of AllenCo).

Please feel free to use, distribute, and post this information as you deem appropriate. Let me know if you have questions.
